SURVEYOR DETAILS

Surveyor name:	
Contact telephone number:	
Contact email address:	

SITE DETAILS

Site name:		County:	Cornwall
Site owner & contact for access:		Centre of site OS grid reference (6 figure):	

SURVEY DETAILS

Date of survey:		Start time:	
Number of surveyors:		Finish time:	
Site area (ha):		Area of suitable habitat (ha):	
WEATHER: (please note weather conditions on day of survey and preceding day as this may affect larval web presence/ visibility):		Search area (ha):	
		Total number of larval webs recorded :	

PREVIOUS RECORDS & ADDITIONAL SURVEY DETAILS

Specific grid reference of webs (only if available): Also any comments eg; Search route, web size and distribution, parasite presence:	
---	--

HABITAT QUALITY OBSERVATIONS

Key Habitat feature	Observation (please tick)				
	Widespread & abundant	Frequent	Patchy locally abundant	Patchy sparse	Rare
Devil's Bit Scabious:					
Scrub :					
Rush:					
Purple Moor-grass:					
Sphagnum:					
Invasive species 1:					
Invasive species 2:					
Invasive species 3:					
Invasive species 4:					
Invasive species 5:					
Please make any general habitat suitability observations including: 1. Any barriers preventing connection with nearest colony/potential colony. 2. Threats to site.					

HABITAT MANAGEMENT OBSERVATIONS

Please tick relevant site management	Grazing animal (state)/vegetation height (tick)		Burned		Cut/mown		Un-managed	
	Animal (cattle/horses/sheep)							
	Wild animal (deer/rabbit)							
	Uniform short (<8cm)		Whole area		Most of area			
	Variable (8-25cm)		Over half		Over half		Other – describe below	
Tussocky (>25cm)		Patches		Strips				
Notes on management undertaken								

OTHER SPECIES

Butterflies:	Other scarce species & important foodplant eg Violet
